# About Dedza Pottery

## OUR HISTORY AND BACKGROUND

Established in 1987, Dedza pottery is an internationally recognised business and the leading ceramics manufacturer in Malawi. Our company employs over 100 people and plays an important role in local communities and the country's tourism. We are also a proud member of the Buy Malawian Build Malawi programme.

We specialise in making custom and personalised pottery. We produce a wide range of good quality handmade pottery products, including functional tableware, decorative vases and figurines. We also have a range of ovenware products.

A background image showing a person's hands pouring water from a large, white, rounded ceramic jug into a matching bowl. The person is wearing a patterned garment. The scene is set indoors, with a wooden chair and a table visible in the background. The entire image is overlaid with a semi-transparent grey filter.

# About Our Products

## HANDMADE CUSTOM POTTERY FROM MALAWI

All of our pottery, which is handmade in Malawi, is designed for modern living. It is tough and can be used in dishwashers and microwaves.

We specialise in producing custom and personalised pottery. We can customise our pottery product shapes and sizes to suit your requirements. We can also make personalised pottery products so that you can have a unique keepsake or create a perfect gift. Get in touch to discuss your needs with us so that we can supply a quote.

The glazes that we use on our pottery products are 100% non-toxic. Our pots are safe for use with, or for storing, any kind of food or drink. They have been tested by the British Ceramic Research Association and meet all international safety standards.
